### Summer Reading

Welcome to English III!

Our first unit begs many questions; do we live in a utopia or dystopia? Why do authors and artists make statements about the existence of dystopias? What can we do to make positive change in the world?

Your work will begin this summer. **You are required to read at least two novels.**

**The first novel will be a dystopian novel.** You will complete an in class performance task based on the dystopian novel within the first two weeks of the school year. On the next page you will find suggestions for dystopian readings.

**The second novel should be a title of your choice with a lexile within the upper range of your reading achievement level.** Once you return to school in September you will be required to take an Accelerated Reader quiz on your choice novel.

Remember you can read any novel of your choice as long as there is an Accelerated Reader quiz available for that title. Check [www.arbookfind.com](http://www.arbookfind.com) to make sure there is an available quiz. The chart below will help you decide if the novel is in the upper range of your reading achievement level.

Grade	Lexile Range
1	Up to 300
2	140-500
3	330-700
4	445-810
5	565-910
6	665-100
7	735-1065
8	805-1100
9	855-1165
10	905-1195
11-12	940-1210

The lexile of any book can be found at [lexile.com](http://lexile.com). Use the quick book search box at the top right corner of the website to make sure the novel you choose is in the upper range of your reading achievement level as indicated by your SRI test results.
